presents

GOLDA'S BALCONY

A 90-minute tour-de-force starring SANDRA LAUB as Israel's fourth Prime Minister. With humor, pathos, and passion, we see her journey from impoverished child in Czarist Russia to scrambling to save the country from impending destruction during the 1973 Yom Kippur War. At the heart of the play is Meir's lifelong struggle to attain peace while agonizing over difficult moral choices.

Sunday, October 29 | Show at 2PM
